

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF

DRAW A MOIST CLOTH THROUGH
HAIR AND DOUBLE ITS
BEAUTY AT ONCE.

SAVE YOUR HAIR! DANDRUFF
DISAPPEARS AND HAIR STOPS
COMING OUT.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or falling. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. But what will please you most will be after a few weeks use, when you see new hair fine and downy at first—yes, but really new hair growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

WESTERLY AND VICINITY

G. A. R. Posts to Meet in the Afternoon Hereafter—Result of Religious Census—Annual Meeting of Washington Trust Company—Death of James K. Ryan—Narragansett Pier Burglaries.

The Rhode Island general assembly will reconvene today for the second week of the session. Considerable business was introduced last week in both branches, but most of it was tabled as the standing committees have not yet been appointed, and they will not be named until after the grand committee meeting to be held next Thursday. This action has been taken so that members who might be dissatisfied with committee appointments would not go into the grand committee with a get-even feeling.

The republican members are divided upon the question of state auditor, the candidates being Senator Philip H. Wilbur of Little Compton and Robert S. Burlingame of Newport. This matter will be threshed out in caucus, Wednesday, and caucus action will prevail. Governor Beeseman will meet yesterday or Wednesday and some of the appointments to fill vacancies to the senate for information.

In addition to a state auditor, the grand committee on Thursday will elect judges and clerks of the twelve district courts, sheriffs for each of the five counties, a commission of sinking funds, two members of the board of education, a clerk of the supreme court and two clerks of the superior court. Until this meeting is over practically all other important business will be held in abeyance.

James K. Ryan, of the contracting firm of Ryan & Keon, well known in Westerly, died suddenly last Friday of pneumonia in St. Louis. He had been engaged in railroad construction work for half a century and most of the time in the employ of the New Haven road. This firm eliminated the Canal street grade crossing, cleared away Dixon hill, made the great fill on the west side of the Pawcatuck river and built the Westerly railway station. They also eliminated all the grade crossings at Stamford, Bridgeport, Attleboro, New Bedford, Worcester and Olneyville. Some of the latest work, under the direction of Mr. Ryan, was the building of the approach to the Thames river bridge at New London.

It is more than fifty-five years since the first call for troops in the Civil war, and all the survivors of that call, and the calls that followed, have reached or passed the allotted time of man. By reason of advanced age and the tendency of members to remain at home evenings, regular meetings of Budlong and Hancock posts, Grand Army of the Republic, will be held in the afternoon. It is believed this change will result in larger attendance at the meeting and increased interest in the organization and its purposes. The headquarters of both posts are in the Memorial and Library building, and will be maintained there until the next veteran responds to the final call. The building was erected as a memorial to the true men of Westerly and vicinity, who risked their lives for the preservation of the Union, the memorial tablet is located in the hallway of the second story of the building.

Special effort will be made to have the laws so changed that regular sessions of the courts could be held in Westerly, as well as at Kingston. At present the court is required to convene at Kingston and, at the discretion of the presiding justice, may adjourn to Westerly, for the trial of cases from this town, and all divorce suits, under the present law. A bill has been prepared providing for the changes and will be presented at the next session of the general assembly.

The members of the Westerly Bar association met with Senator Langworthy and Representatives Haswell and Davis, held a meeting in the Memorial and Library building, Monday afternoon, when the bill was introduced, and the conditions thoroughly discussed.

Therefore, the figures given applied wholly to the First and Seventh day Baptists, the Methodist, the Congregational and Christian churches. The total number of cards returned is 900, and show a religious population of 3,686, of this number 2,695 are over 16 and 1,001 under 16. There are 1,442 church members and the number recorded as attending church regularly 1,146 and occasionally 1,111. The number attending Bible school regularly 826 and occasionally 369. No preference 150. Not at home 263; persons of a religious belief not represented in churches in the town 30. Vacant house 11. Persons who refused information to enumerators 10. Church members of the Protestant population 1 to 9.

Rev. Mr. Dutton preached the sermon at a union service, from Acts 18: 27, and Galileo Cared for None of These Things. Subject: The Man Who Did Not Care.

Mrs. Alice Seckater Montey of Narragansett Pier was before Judge Nathan E. Lewis Monday at the weekly session of the Second District court, held in Bell's hall, Wakefield, on complaint of James D. Caswell, chief of police. The warrant charged that on December 19th she broke into two dwellings in Rose court, Narragansett Pier, and stole a large quantity of household effects. The respondent, when arraigned, broke down completely and between her sobs pleaded not guilty.

According to her story, a man named by her and known to the police came to her house and demanded a hammer with which to smash the door of a certain house. She said he returned with the stolen articles and told her she was to keep them and in event she told on him he would kill her. Her husband was away at the time, she said, and she was so afraid she did not dare to tell of the incident.

Judge Lewis continued the case for one week and suggested that the respondent engage counsel to represent her. Bail was fixed at \$500, with Peleg Seckater as surety.

According to the police, the robbery was the largest in the number of articles stolen that occurred at Narragansett Pier. Two cottages were ransacked and a large portion of their contents taken.

One of the cottages had been closed since last summer and discovery of the breaks was made by Reuben G. Burdick on Dec. 22. An investigation led up to the arrest of the Montey woman.

In her home was found several wagon loads of stolen articles, including pictures, metal vessels, household goods, as well as certain fixtures belonging to the house. In all there were 300 articles, which completely fills the west cell at the police station, where they are to be stored until after the trial.

foremost in sports. During the period Sullivan, Donnelly, A. Woods and others who were promoters and organizers of different sports, Baltic was on the honor list and the different teams played some of the fastest men in this state. In the days of the old Baltic A. C. some of the fastest boxing exhibitions in this section were given. Later when a baseball team was formed by these promoters the team soon gained fame as the best team in the mill league, and in 1911 won the championship and was awarded the pennant. During the same year a strong football eleven was organized and was recognized as one of the best in this section.

For a term of years Baltic had one of the fastest basketball teams in this vicinity. Loving cups, trophies and pennants in the Baltic Social club testify to many victories won by local teams.

Every time the clock ticks, fifty-eight Fatimas are lighted somewhere in the United States. No other high-grade cigarette has so many unchanging, unswerving friends.

This shows that men do appreciate cigarette-comfort.

For, Fatimas are comfortable. Not only comfortable while you smoke, but more than that, comfortable after you smoke—even though you may smoke the whole day through.

The Fatima Turkish blend is so carefully balanced that it has none of the after-effects of heavier, less skilfully blended tobaccos. That's why Fatimas are comfortable (hence, sensible)—as your first package will prove.
